

DARRYL CROOME ARCHITECTS

Darryl Croome Architects, which is based in Cape Town, is an integrated practice with a holistic approach that incorporates master planning, architecture and interior design.

▲ WHO WE ARE

Darryl Croome Architects' 35 years' experience is complemented by a specialised residential and commercial design team of skilled technicians and interior designers, led by talented project architects.

▲ WHAT WE'RE GOOD AT

We create buildings characterised by timeless simplicity, elegant design, a conscious approach to context and attention to detail. A keen understanding of the commercial aspects of property development allows us to provide a professional service to developers and private clients alike, tailored to their individual needs. We pride ourselves in creating living spaces that serve to maximise experience, quality of living and functionality, whilst always exceeding our client's expectations.

YES, WE WERE THE ARCHITECTS! ▲►

Water's Edge, Big Bay, a beachfront home that takes full advantage of the ocean views and indoor/outdoor flow; and Central Drive, Camps Bay, which sees its architectural stepped forms embedded into the gradient of the slope.
